

## INFORMATION ABOUT SOCHI

Sochi – is the most beautiful place on the Russian coast of the Black sea. Sochi being located on the same latitude as Toronto and Nice, is the longest city on the continent -145 kilometers along the coast. The city of Sochi is the place with the unique subtropical climate. Sochi has got world known natural mineral water springs of Matsesta and is well known as the main resort of Russia since the beginning of the 20-th century.

Sochi is the city of gardens with famous Botanical Garden – Dendrarium – which posses more than 2000 species of tropical and subtropical flora from all over the world. Since the Soviet times Sochi has been one of the main places for summer tourism. There are more than 200 of hotels and sanatoria meeting the highest national and international standards. New Russian economy has changed the city dramatically during last 15 years. One can enjoy fantastic comfort of the Hotels placed in the former palaces of the Russian nobility and Top Soviet Leaders' residences, the beauty of snow peaks of the Caucasus and the opportunities of the Lazurnaya Radisson SAS super modern international hotel complex.

Hundreds of kilometers of sunny beaches, gardens and beautiful mountain landscapes will make your impression of visiting this place unforgettable.
